

- ◇ Section 1 - Handling. Make the workshop as easy to enter and leave as is practical for a registered holder
 - ★ Item 1.1 Keep the entry register beside the door.
 - ★ Item 1.2 Record the tooling brought in on each visit, including tooling carried by a visiting holder.
 - ★ Item 1.3 Do not leave the register open when the workshop is unattended.
- ◇ Section 2 - Storage. Keep tooling where a later holder can find it
 - ★ Item 2.1 Label each rack with its own reference.
 - ★ Item 2.2 Store duplicate tooling together, and record the duplicate reference beside the original in the register.
 - ★ Item 2.3 Report a missing reference before the end of the period.
- ◇ Section 3 - Returns
 - ★ Item 3.1 Return the register at the end of the period.
 - ★ Item 3.2 Keep a copy of every entry you return.
